

1.User Manual:

Introduction

EduGenie is an AI-powered educational assistant that helps users answer questions, explain concepts, summarize PDFs, generate quizzes, and recommend learning paths.

How to Use

1. Open the application.
2. Select the required AI tool.
3. Enter your question or upload a PDF.
4. Click Generate.
5. View the AI response.
6. Copy, download, or listen to the response.

Additional Features

- Voice Input
- Text-to-Speech
- Copy Response
- Download as PDF/TXT
- Dark/Light Mode

2.Installation_Guide:

Software Required

- Python 3.11+
- Visual Studio Code
- Git
- Google Chrome

Installation Steps

1. Clone the repository.
2. Install dependencies using:
`pip install -r requirements.txt`
3. Add your Gemini API key to the .env file.

4. Start the backend:

```
uvicorn main:app --reload
```

5. Open the frontend in a browser
